NOTICE

TO:

U. S. Department of Interior
Bureau of Land Management
Vernal District Office
170 S. 500 E.
Vernal, UT 84078

June 10, 1988

RECEIVED
AUG 10 1988

DEPT. OF THE INTERIOR

JUN 14 1988

DIVISION OF
OIL, GAS & MINERAL

BUR. OF LAND MANAGEMENT
VERNAL, UTAH

FROM:

Overlook Limited, Inc.
Formerly Overlook Gold Mining Corporation
P. O. Box 62, Jensen, UT 84035
Ph. 801 789-5857

SUBJECT:

Notice of disturbance of 5 acres or less under 43 CFR Chapter 2
#3809.1-3--Subsequent Notice

Overlook Limited, Inc., a Wyoming Corporation, is the lease operator for the claimants for the associated claim known as SNO-BEN-2 UMC No. 282391 located on the West $\frac{1}{2}$ of the SW $\frac{1}{2}$ sec. 6 (lots 13 & 14) and the N $\frac{1}{2}$ of the NW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 7 (N $\frac{1}{2}$ lot 2) T5S, R4E SLM. R24E

Overlook Limited plans to start mining operation on the SNO-BEN Claim #2 15 days from the date of this notice.

No additional roads will be constructed. Existing 10' roadways will be utilized to access the work site which will be near an old work site along an east-west draw located approximately 400' north of the south boundary of SNO-BEN 2 which has been previously staked.

All areas disturbed by our operations will be reclaimed to the standards described in #3809.1-3(d) and all reasonable measures will be taken to prevent unnecessary or undue degradation of the Federal lands during operations.

A meeting with representatives from your office was held on the site June 7, 1988. Operation, reclamation of the prior work site and future reclamation of this site, use of existing access roads, disposal of tailings, etc. was discussed in detail.

Pictures of the new work site, showing degradation existing prior to Overlook operations, are on file in our offices. Copies can be made available to you upon request.

William A. Ihrig, President
Overlook Limited, Inc.

ERRATA TO NOTICE OF JUNE 7, 1988

June 29, 1988

Mr. Paul M. Andrews, Area Manager
Bookcliffs Resource Area
United States Department of the Interior
Bureau of Land Management
Vernal District Office
170 South 500 East
Vernal, Utah 84078

RE: 3809.1-3
UT08581
Your letter of
June 20, 1988

Dear Mr. Andrews:

We have now positively located the area of our planned 5 acre or less disturbance on Sno-Ben Claim 2. A copy of our map of the area is attached. You will note that the screening plant site is located approximately 1200 feet south and 1000 feet east of the West $\frac{1}{4}$ corner of section 6.

We plan to use screening and hydraulic methods of extracting the metal from the gravel. All tailings will ultimately be replaced in the worked-out areas. We have obtained water rights from the Utah authorities for removal of 1.9 cfs of water from the Green River. Water will be pumped to the site and stored and/or used from a recycle pond. At the present we have no plans to move to other facilities or construct any earthen dams. As we stated in our original notice, we will comply with all regulations pertaining to the prevention of unnecessary and undue degradation of the site including 43 CFR 3809.2-2 and 3809.3-1 which you included with your June 20 memorandum.

We thank you for forwarding a copy of the notices and permits required to mine in Utah. We have contacted these agencies and the necessary permits and notices are being forwarded.

We understand that the reclamation on Sno-Ben 1 will be completed prior to our starting operations on Sno-Ben 2 as was agreed to during the June 7 on-site meeting.

Sincerely,

Bill Ihrig, President
Overlook Gold Mining Corporation
